## About BCWSA's Charity Golf Outing

Each year, BCWSA hosts a charitable golf outing to raise funds and awareness about organizations in need right here, in Bucks and Montgomery Counties. Over the years, with our combined efforts with various organizations, we have raised significant funds that have some affect on our employees.

***One House at a Time (OHAAT)*** is a volunteer-driven nonprofit that helps low-income families establish functional home environments. OHAAT's current focus is a program called **Beds for Kids**, which improves children's sleep by providing beds, bedding and tools that encourage healthy bedtime habits. In order to qualify for the program, recipients must be two to twenty years old, living below poverty level, and sleeping without proper bedding, such as on the floor or a sofa. Many recipients are transitioning out of shelters or other temporary housing; some are recovering from fires or floods; and others have been sleeping without a bed their whole lives. OHAAT purchases beds and bedding in bulk from various manufacturers, and partner organizations donate bedding and bedtime items through collection drives. All of the items are delivered directly to the homes of children in need by OHAAT's box truck and growing body of volunteers.

**The Bucks County Children's Museum** was established with a mission of providing a fun, educational, and hands on environment for children, parents and schools that celebrates the history and uniqueness of Bucks County. The Bucks County Children's Museum was incorporated in 2006 and granted a non-profit status in 2007. Since opening its doors in 2011 in New Hope's Union Square, the award winning museum has welcomed over 100,000 visitors, hosted 7,000 children on educational field trips and trained over 400 local high school students as museum volunteers. The museum's educational exhibits and programs are designed to engage, teach and ignite imaginations of children ages 1-7 years of age. Through community support, the museum offers a variety of free or reduced admission programs for low-income families, at-risk and special needs children, military families and veterans.
